CEM YAYINEVİ

Ferruh Doğan 1932'de Istanbul'da doğdu. 1945 yılından bu yana dergi ve gazetelere karikatür çizmekte.

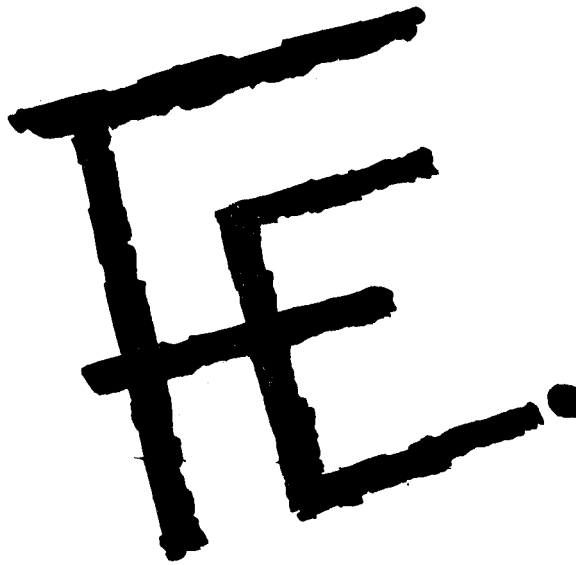

Türk karikatüründe yeni bir karikatürün yanı sıra; toplumların ekonomik, siyasal çelişkilerini, bu çelişkilerden doğan yabancılaşmaları çizgiliyen yeni bir "politika karikatürü" de yaratan, oluşturan öncü sanatçılardan biridir Ferruh Doğan.

Ferruh Doğan'ın 1950'lerden bu yana çizdiği karikatürlerden derlenen bu kitapta, yurdumuzun ve dünyanın —ne yazık ki— yıllardır gündemde kalan, güncelliğini yitirmiyen sorunlarını, çizildiği günlerin çizgileriyle bulacak, sanatçının çizgi aşamalarını da izliyeceksiniz.

CEM YAYINEVİ Ferruh Doğan'ın yakın yılların çizgi belgeleri niteliğindeki POLİTİKA karikatürlerini sunarken Türk karikatür kitaplığına da yaptığı hizmetten kıvanç duyar.
